EMPOWERING ATHLETES EVERYWHERE

Our mission is simple: to make all athletes better. And since 1996, we've been doing this by being the most innovative athletic brand in the world. From cutting edge technologies that no one has ever heard of, to the signature innovations that made us famous, we won't rest until you run faster, train harder, and unlock your full potential.

From rain to cold to blistering heat, athletes everywhere go to work regardless of the elements. That's because they know that no matter what, Under Armour has the gear that will keep them protected and focused.

First ones on the field and last ones off — that's how Under Armour athletes live. And on gameday, they give everything to push their team and their teammates to be better than ever. Whatever the age, whatever the sport, our number one competitor will always be ourselves—and we compete hard.

That's how athletes get better. And that's how we get better.

I WILL.™

+ PERFORMANCE DNA

Every Under Armour® product is doing something for you: it's making you better. Following are the core pieces of DNA that deliver on this promise. The building blocks of performance.

4-WAY STRETCH

Lightweight fabrics with built-in 4-way stretch improve mobility and accelerate dry time.

MOISTURE TRANSPORT

Wicks moisture from the body, keeping the athlete dry.

ODOUR CONTROL

Fabric treated with antimicrobial agents.

UPF

Ultraviolet protection shields your skin from the sun's harmful rays and inhibits premature aging.

FLATLOCK SEAMING

Specialised seaming that feels smooth against the skin and prevents chafing.

+ SIZING AND FIT

Under Armour® Performance has already compensated in the design of its apparel to be consistent with normal (XS–5XL) sizing. Please order the size you would wear in a non-performance T-shirt or pant.

MEN'S SIZE CHART

	XS	SM	MD	LG	XL	2XL	3XL	4XL	5XL
Chest	38 in	40 in	42 in	44 in	46 in	48 in	50 in	52 in	54 in

+ BENEFITS OF COMPRESSION

Whether it's training or gameday, your UA Compression base layer makes you better. UA Compression unleashes the power of your muscles and keeps you stronger for longer.

INCREASED POWER & STAMINA

STAY STRONGER FOR LONGER

Reduces muscle vibration to lessen fatigue and maintain power output. Keeps muscles aligned correctly to increase repetitive muscle power.

ENHANCED PROPRIOCEPTION

KNOW YOUR BODY'S PLACE IN SPACE

Enhances proprioception—the body's recognition of muscle patterns and spatial awareness - to increase muscle efficiency.

FASTER RECOVERY

GET YOUR MUSCLES BACK TO FULL STRENGTH FASTER

Creates a healing environment around muscles and circulatory system. Post-workout, reduces swelling, decreases soreness time and promotes muscle repair.

SUPERIOR COMFORT

STAY COOL, DRY, AND LIGHT

Wicks moisture to keep you 53% lighter than cotton after 60 minutes of athletic performance. Speeds evaporation to regulate your core temperature.

+ GEARLINES

Blistering heat to bitter cold. Whatever the climate, whatever the conditions, Under Armour® Performance keeps athletes comfortable, dry, and light with gearlines engineered to perform.

+ FIT OPTIONS

ULTRA-TIGHT, 'SECOND-SKIN' FIT

These products fit snugly to the body providing a close, lean, and supportive fit.

CONTOURED TO THE BODY

Designed to be very close to the body without the constriction of compression.

NOT TIGHT. NOT LOOSE.

An athletic cut designed for mobility without any extra bulk or fabric.

RELAXED FIT

Looser fitting whilst maintaining excellent range of motion and free movement.

MEN'S BASELAYER

I WILL.™

+ COLDGEAR®

Ideal for days when it's 12°C and below, ColdGear® apparel features a dual-layer fabric that wicks moisture from the skin and circulates body heat – keeping you warm without ever weighing you down.

It all started with our warm weather HeatGear® apparel that wicks sweat to keep you cooler and drier. Athletes demanded the same performance, but for the cold. And Under Armour delivered with ColdGear® apparel. It traps heat whilst it pulls away sweat, all in an ultra lightweight and comfortable garment.

coldgear®

SUBLIMATION

Sublimation allows us to use any Pantone colours to create custom teamwear designs. All our bespoke rugby jerseys are sublimated, giving an unparalleled level of customisation.

Look out for the sublimation logo.

IMPORTANT INFORMATION

COLLARS & SLEEVE LENGTH

All four collar styles are available on all jersey fit options.

Dominate, Drive, Disrupt and Evo fits are all available with short sleeves as standard. Only Disrupt regular fit jerseys are available with a long sleeve option.

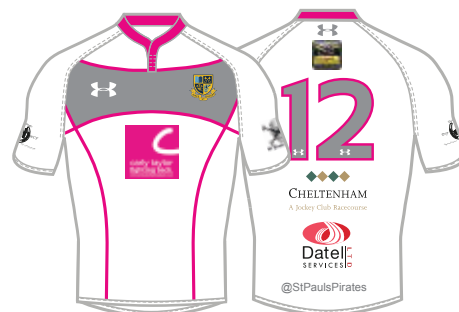

NUMBERS & LETTERS

For number and letter styles, colours and sizes, see page 76.

REVERSIBLE DESIGNS

Rugby shirts are available as a reversible jersey subject to design.

DYNAMO CUT & SEW

DYNAMO SEMI FITTED

Our Dynamo cut and sew garments are available in a choice of popular team inspired colours, providing an alternative look to our sublimated styles.

All are wicking and quick drying, helping to keep you cool, dry and comfortable during your training sessions and matches. The streamlined fit eliminates the bulk from extra fabric without constricting your movements, maintaining an excellent range of motion.

Dresses are available with a sleeveless or racer back style, with two dress lengths. All skirts can also be produced as a skirt, depending on your team requirements.

COLOURS

Dynamo cut and sew netball dress and skort are available in a range of popular team inspired colours. For more information on colour availability, please contact us.

FIT OPTIONS

SCOOP SUBLIMATED STYLES

Scoop provides a regular fit to keep you cool and comfortable. This loose fit allows free movement, whilst eliminating the weight of extra fabric. Our regular fit maintains an excellent range of motion without restriction, allowing you to keep your mind on your performance.

DYNAMO CUT & SEW STYLES

Dynamo is also designed with a regular fit, keeping you cool, dry and comfortable during your match or training session. The looser fit lets you move freely, and maintain an excellent range of motion, whilst eliminating the bulk of extra fabric.

FIT OPTIONS

REGULAR

Our cricket garments offer a looser fit, whilst eliminating the bulk of extra fabric and improving your range of motion. This allows you to get on with your sport whilst remaining cool, comfortable and free to move - so you can remain focussed on your performance without the worry of your gear letting you down.

STANDARD CRICKET COLOURS

	ROYAL		CREAM

NEW

20/20 CRICKET COLOURS

CUT & SEW

Our cut and sew garments are available in a choice of several popular colours. For more information on colour availability, please contact us.

	BLACK		FOREST GREEN
	WHITE		EMERALD
	NAVY		MAROON
	SKY		GOLD
	ROYAL		CREAM

The 20/20 range includes new sublimated styles for 2015.

Garments use a combination of sublimated moisture wick fabric and premium mesh for freedom of movement and durability, without the limitations of our cut & sew fabric range.

We can sublimates any colour in the Pantone colour library.

SUBLIMATION

Sublimation allows us to use any Pantone colours to create custom teamwear designs. Look out for the sublimation logo.

COLOURS

BESPOKE OFF FIELD

Garments from the Legend, Premier, Escape and Motivate off field ranges are available in the colours shown below:

	BLACK		FOREST GREEN
	WHITE		EMERALD
	RED		MAROON
	NAVY		GOLD
	SKY		PURPLE
	ROYAL		

Please Note:

Some garments are not available in all colours shown above. See individual garment information for colour availability.

CONTRAST STITCH & PIPING

CHARGE PIPING

The Legend range includes contrast piping, which can use a broader colour scheme than the standard cut and sew colours. These can be chosen from the Pantone colour library. For more information, please contact us.

VAULT CONTRAST STITCH

The Escape range includes a contrast stitch which can use a broader colour scheme than the standard cut and sew colours. We can use almost any colour for the contrast stitching, so we can match you off field garments with your team colours.

EMBROIDERY & HEATSEAL

For information on embroidery and heatseal, see page 76

FIT OPTIONS

UNDER ARMOUR REGULAR FIT

All our bespoke off field garments are designed with a regular fit, eliminating the bulk of extra fabric whilst improving your range of motion. The looser fit allows you to focus on your performance, whilst your kit will deliver the solid performance you'd expect from Under Armour.

UNDER ARMOUR STOCK & TRAINING PRODUCT

UA stock products are our core styles for off field leisure wear, available for dispatch within 24 hours on confirmation of your order.

Our stock offers the same high quality and performance that you'd expect from Under Armour, without the lead times of their bespoke alternatives.

FIT OPTIONS

UNDER ARMOUR REGULAR FIT

All our stock garments are designed with a regular fit, eliminating the bulk of extra fabric whilst improving your range of motion. The looser fit allows you to focus on your performance, whilst your kit will deliver the solid performance you'd expect from Under Armour.

MW

COOLMAX

KEEPS YOUR FOOT COOL, DRY & COMFORTABLE.

WHAT IS COOLMAX?

With proven moisture management benefits, Coolmax helps the wearer to remain cool in all situations, ensuring maximum comfort. The Coolmax sock moves moisture away from the foot, resulting in enhanced drying times to keep your foot cool and dry. The performance of the Coolmax sock is a result of the fibre structure, so our socks will continue to perform wash after wash. Our new reversible top sock features updated vents, improved sole padding and improved ankle support to maximise comfort and help improve your performance.

UNDER ARMOUR NUMBERS, LETTERS & LOGO DETAILS

NUMBERS & LETTERS

Choose from three styles of number/letter to compliment your on field garments. Whether you're looking for a college style number, a clean, modern typeface, or something more classic, our three styles fit perfectly with our teamwear ranges.

Solid
(1 Colour)

Two Tone
(2 Colour)

20cm numbers are recommended for the back of both performance and regular fit jerseys, shirts and tops, 5cm numbers for shorts, trackpants, or chest and sleeve positions.

Names can be added across the back shoulders, or as initials on the sleeve/ chest. These are available in 5cm and 7cm high lettering. If necessary, we reserve the right to adjust the size/layout of logos, numbers and lettering to fit the garment in the most attractive way possible.

Numbers and names can be sublimated into any of our on-field sublimated garments. There is no additional cost to the garment, and colours can be specified from our 12 core colours, or Pantone (PMS) colours of your choice.

NETBALL PATCHES

Complete your netball kit with a set of UA netball patches. Our patches are fully sublimated to compliment the colour of your dresses or tops. For sublimation, we use the Pantone colour library, allowing us to use almost any colour in your teamwear designs.

PATCH SPECIFICATION

Dimensions: 185mm (w) x 220mm (h)

Colour: Sublimated (all colours available)

Quantity: A full set contains 14 patches (7 positions)

Velcro: 2cm velcro to attach to dresses/tops

EMBROIDERY

A full embroidery service is available for your crest or logo.

If the logo is already set up, the electronic version (the embroidery disc or DST file) will need to be submitted with the order, as well as details of the colours required. Madeira thread shades must be provided, otherwise standard Under Armour colours will be used.

If the logo is not set up electronically, we will require a high resolution logo in order to set up the disc for you. Please explain how you want your logo to appear on both dark and light backgrounds, as well as giving adequate sizing information. You will receive a copy to approve before production.

HEATSEAL & THERMO PRINT

Screen printing and thermo printing are available on selected items. For best results, we require a high resolution logo to be sent to us electronically.

Suitable formats include:

Ai - Adobe Illustrator file

EPS - Vector format

PDF/JPEG - High resolution (300dpi+)

For logos containing text, please provide us with the font name if possible. Pantone (PMS) colours must also be submitted. If no pantone colours are specified, standard Under Armour colours will be used.

Crests and logos can be sublimated into any of our sublimated garments at no additional cost. We still require high quality logos for sublimation, so please use the above points as a guide.

Some fabrics are better suited to some applications methods than others. If you are unsure about choosing the best logo application method, please contact your Under Armour sales representative for more information.

IMPORTANT NOTE: Please ensure you have all necessary permissions before using any logos or imagery. Under Armour Teamsports can not accept any responsibility for the unauthorised use of third party logos or images. Under Armour Teamsports reserve the right to refuse to apply any name or logo considered offensive or unsuitable.
